### PROFILE

Automotive photographer and visual content creator with experience in high-volume commercial vehicle production, freelance client work and branded content. Skilled in clean vehicle coverage, interiors, details, events and action photography, with a strong focus on visual consistency and usable commercial output. A background in marketing and media design adds practical brand and audience thinking to every assignment.

### EXPERIENCE

#### Senior Product Photographer - AutoHero

Netherlands | 2025-2026

- Produced high-volume studio automotive content within a structured commercial workflow.
- Managed image quality control and visual consistency from capture through final output.
- Worked to repeatable production standards across vehicle photography sets.

#### Freelance Photographer & Content Creator - Self-Employed

Netherlands | 2015-Present

- Delivered photography and visual content for private clients across varied creative briefs.
- Managed client communication, creative direction, production, editing and final delivery.
- Built an independent visual practice through portfolio work, referrals and repeat client needs.

#### Visual Content Designer - LimitlessTek

Netherlands | 2022-2025

- Produced photo, video and graphic advertising materials for multi-channel marketing campaigns.
- Created visual assets for 80+ apps and games, aligned with product positioning, brand identity and audience targets.
- Translated campaign goals into clear, conversion-aware creative concepts and branded content.

### SELECTED VALUE FOR AUTOMOTIVE CLIENTS

- Full vehicle coverage: exterior, interior, details and feature-led imagery.
- Comfortable in structured high-volume production as well as event and action environments.
- Marketing-aware approach to content intended for websites, listings, social media and campaigns.
